WORK EXPERIENCE:

Intern Web Developer: April 2011 – August 2011
Traynor Kirk & Co, Web Design Company in Brooklyn New York
A team of seasoned designers, developers, and specialists who create custom apps and websites.

- Edited HTML, CSS, and JavaScript for a variety of webpages.
- Worked with Expression Engine as a repository for submitting collaborative code.
- Quality Assurance – Proofreading and reports.

Undergraduate Research Assistant: April 2018 - August 2018
Georgia Southern University Armstrong Campus in Savannah, Georgia
A largely FTP oriented role in transferring hundreds of HTML files into database entries.

- Acquainted myself with full-stack engineering.
- Navigated the university's server using SSH.
- Time management – work between classes.

Sous Chef/Line Cook/Server: January 2013 – January 2021
Fuel, Bocci's Italian Bistro, The Darling Oyster Bar, Triangle Char & Bar - in Charleston, SC.
Fox & Fig, Ele & The Chef Co. – in Savannah Georgia
Various restaurants that highlighted my culinary passions during my hiatus from higher education.

- Leadership roles – creating specialty dishes, training new hires, conflict resolution.
- Conditioned to specialize working in stressful, high-demand circumstances gracefully.
- Instilled virtues of discipline, patience, and dedication.
